

## MediCap<sup>®</sup> MVR Lite

The MediCap<sup>®</sup> MVR Lite is a highly advanced, compact, Full HD Medical Video Recorder. It's the ideal solution to the medical industry's demand for medical grade recorders that are affordable, robust, and offer high quality video recording in 1080p60.

### HD Medical Video Recorder

Record Full HD video from your endoscope or surgical camera. New state-of-the-art recording platform records Full 1080p at 60 frames per second.

### Compact and robust

This rugged MVR features a stainless steel case and fluid resistant front panel. The compact size allows limitless mounting and installation options.

### Intuitive Use

It's so easy, no training is needed. Just plug it in and go. You'll be recording HD videos within minutes of opening the box.

Medical Imaging Made Easy<sup>™</sup>

# Features

## Review

Review and control your photos and videos during the session or right before you close it.

## MVR Mount<sup>1</sup>

Flexible solutions for installation and cable management.

## Remote Control

The included remote allows surgeons to record video and still images at the touch of a button.

## Patient Information

Store patient data prior to recording for safe allocation. Easily use a Touch Screen Monitor<sup>2</sup> or a USB keyboard (optional).

## Photos

Capture and store HD photos during your video recording.

## Foot Pedal

Capture high quality HD video and HD photos to a USB drive using an endoscope trigger or foot pedal (optional).

## Touch Screen Operation<sup>2</sup>

Connect a USB Touch Screen Monitor and operate MVR Lite even more easily!
